EVENT OF THE EU FUNDED PROJECT JUSTICE WITHOUT LITIGATION II

REGISTRATION:

Until 27 Juni 2025 via this QR-Code

In times of growing complexity and rapid societal change, law must increasingly engage with insights from other disciplines to remain responsive and effective. The JuWiLi II project explores in an interdisciplinary manner the potential of notarial involvement in judicial tasks, fostering openness to methods and perspectives beyond traditional legal thought.

This semi-public workshop brings together research, theory, and discussion to examine how such cross-disciplinary engagement can reshape legal scholarship and practice for a more profound and efficient legal reality.
